RESUME OBJECTIVE

Hard-working and dedicated Mechanical Engineering student with a strong attention to detail and accuracy and experience in completing detailed technical drawings, diagnosing engineering systems, and conducting engineering reports. Offers well-developed analytical skills and excellent teamwork abilities. Daniel is presently seeking a Mechanical Engineering Intern position with a modern firm.

WORK EXPERIENCE

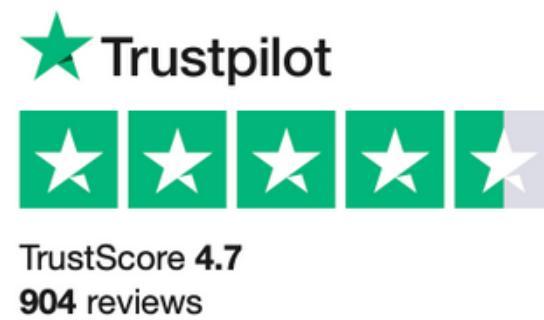

Director, Managing Director and Consultant
Excel Insurance Brokers Limited
01/2015 – present ♫ KINGSTON, JAMAICA

- Collaborated with colleagues on the design of a new wiring system, produced detailed technical drawings, and supported multiple Senior Mechanical Engineers with various tasks as required.
- Assisted in the development of new processes and procedures to reduce the production costs and increase overall production efficiency.
- Performed detailed design analysis, completed production checklists, and conducted reports on the progress of the assigned projects.
- Diagnosed engineering systems to identify any failures and problems and maintained and co-managed large databases and records.
- Awarded Intern of the Month for finishing all assigned projects in a timely manner.

EDUCATION

Mechanical Engineering
University of Glasgow
08/2006 – 12/2008 ♫ GLASGOW, UNITED KINGDOM

Graduated with Distinction (Grade 1 – A/excellent equivalent in all 4 subjects)

Griptape Is Backed By

PETERSON VENTURES

á | Acequia Capital

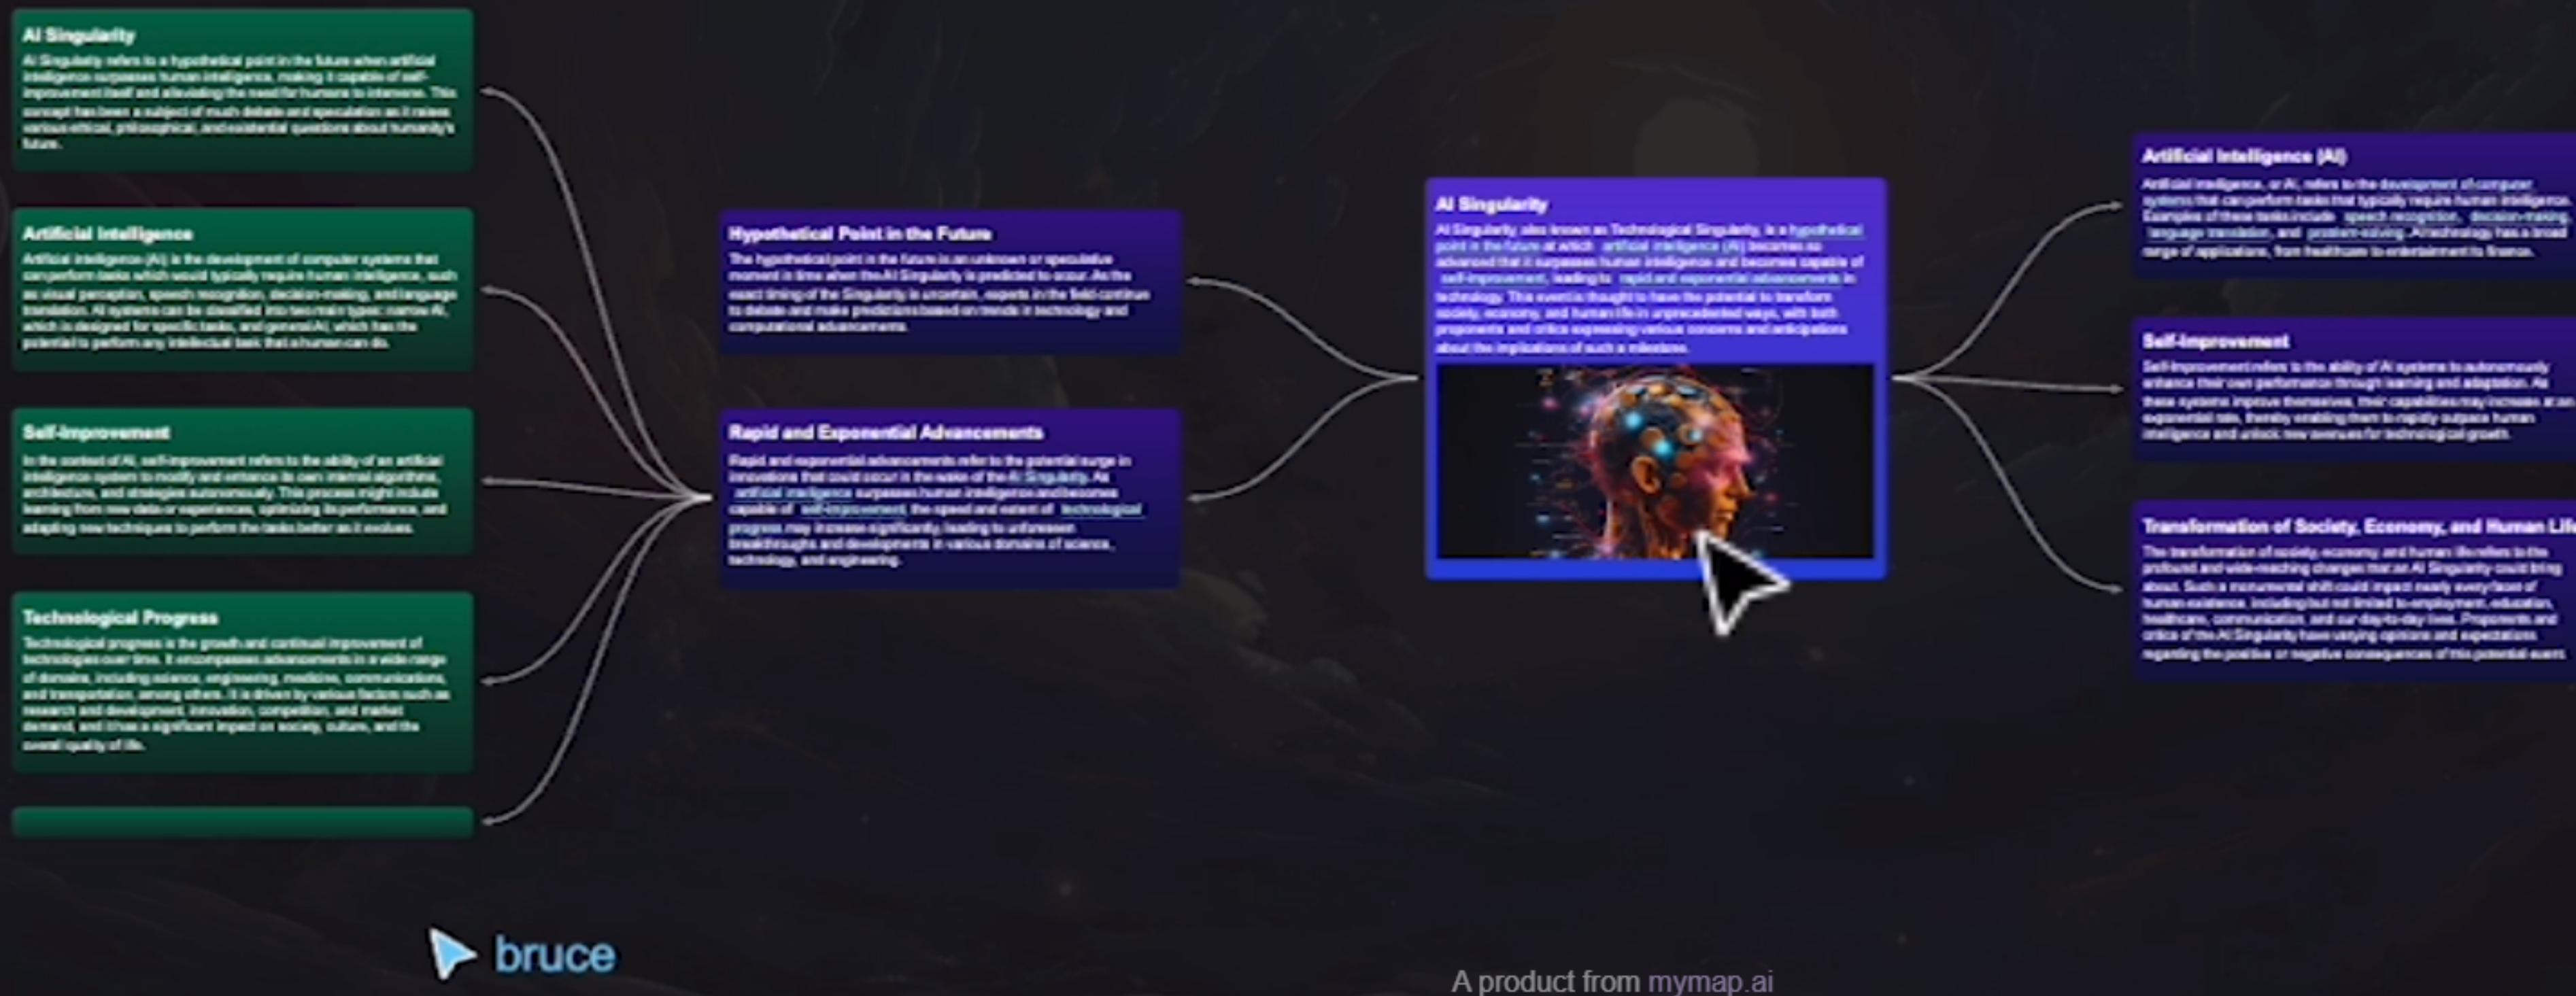

Griptape

Enterprise Middleware for AI Applications

With contributions from AWS, Dell, Snap, and Daimler, Griptape's enterprise-first focus has been paying off.

- ✓ minimizes prompt engineering in place of a modular and composable Python interface.
- ✓ keeps your data off-prompt by default, so that you can connect data of any size to LLMs securely and reliably.
- ✓ is built to be both cloud and model-agnostic.
